Introduction

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

Each entry in this report relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Also, any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are included.

May 16 2014 and Jul 25 2014 (Apr 21 2014 to Aug 21 2014)

TRANSITING CHIRON TRINE RADIX SUN - Chances are you discover hidden skills you never knew you possessed during this transit. A chance encounter could spark a whole new field of learning ultimately providing a great source of healing. You have the opportunity to heal wounds, physical and/or emotional, and realign your identity with your true purpose.

Jul 3 2014 (May 17 2014 to Aug 17 2014)

TRANSITING PLUTO SQUARE RADIX MIDHEAVEN - It's time to make some changes to your objectives and these are most likely to affect the direction of your life. You may be facing big decisions such as a change of career, marriage or parenthood. On the other hand you may simply want to adjust your profession slightly, searching for a new job rather than a whole new career. This transformation may not be smooth. Perhaps you are clashing with important people in your life such as your spouse, your boss or an influential colleague. You have a good idea of where you want to be in your chosen profession, but may unwittingly be pushing too hard to get there too quickly. It is also possible that you are on the right track but that someone else seems to be opposing every move you make. Perhaps they are threatened by the changes that are taking place. It is tempting to push even harder to achieve your ambitions, but this will only worsen the situation. It is better to approach potentially volatile situations as calmly as possible believing in your ability to find a final resolution. Diplomacy is the key to this phase. You currently have the ability to see the truth in most areas of your life, but others may not share this talent. Therefore you need to learn how to diplomatically move forward without feeling insecure or threatening others. As a result the direction of your life takes on a new meaning and purpose.

Jun 23 2014 and Aug 16 2014 (Jun 5 2014 to Sep 3 2014)

TRANSITING SATURN TRINE RADIX SUN - You are purposeful and hardworking during this transit. You are capable of achieving your goals, and may receive recognition or promotion as others notice your efforts. Activities which may have seemed onerous in the past can now be tackled with patience and fortitude. It is a good period for making progress.

Jul 22 2014 (Jun 7 2014 to Sep 5 2014)

TRANSITING URANUS OPPOSITION RADIX MOON - Life takes on an unpredictable quality, brought about either by your own actions or by changes thrust on you. Your home life and relationships with loved ones, particularly women, are subject to the disruptions of this transit. The changes may be emotionally distressing or exciting, depending on your ability to adapt to new circumstances. If you have been feeling unsettled and craving excitement then you are likely to enjoy the changes being suggested by your loved ones. However, if you prefer the comfort of routine then you may feel a little insecure. The trick is to remain as open-minded as possible. The more that you can remain flexible and accepting, the more you will experience a sense of freedom and excitement rather than distress. You are being challenged to leave behind old habits which may be comfortable but which are holding you back from achieving your full potential. The results at the end of this transit are liberating; it is simply the path, which can be a little rocky. Once you are accustomed to the changes in your lifestyle then you will wonder why you didn't change earlier. You will thank your loved ones and feel younger, freer and a lot happier. This is your opportunity to stretch your wings and reach your full potential, with a little help from your friends.

TRANSITING URANUS SQUARE RADIX SUN - Unusual and unexpected events and people may become part of your life during this transit causing you to feel on edge. You may act impulsively as you find your individuality tested. Although you feel that you want to do things your own way and may dig in your heels if anyone tries to stop you, you would be better to remain calm and assertive and use the time to further cultivate your unique gifts. Flexibility and calm consideration of consequences rather than confrontation and self-centred impulsiveness are the keys to the success of this transit.

Aug 29 2014 (Aug 24 2014 to Sep 3 2014)

TRANSITING JUPITER OPPOSITION RADIX SATURN - At the moment it seems as if obstacles are standing in your path, making life seem like hard work. The trouble is that you are currently feeling the need to expand your horizons, but are finding it difficult to find the right way forward. Perhaps you are going overboard in your efforts to get your own way, failing to negotiate with others who depend on you or work with you. Or perhaps others are truly blocking your path. Either way now is the time to carefully consider the consequences of any actions. You need to make sure that you build on the positives in your life, paying attention to the building blocks that support your success. Otherwise you are likely to alienate those who would usually support you and discard the very things that have sustained you. Slowly, and with

patience, you can incorporate the changes that you want, although compromise may be to your benefit, as well as your colleagues, friends and loved ones..

As a result you may meet a particular person, or group of people, who help you expand your horizons in life. It is also possible that you find a partner, either business or personal. An engagement and marriage may be on the cards. In some cases, if you find yourself feeling anti-social then you could have difficulty during this transit. Sep 3 2014 (Aug 30 2014 to Sep 8 2014)

TRANSITING JUPITER SQUARE RADIX NEPTUNE - You are currently vulnerable to deception and disillusionment because the energies of this transit lead you to discard the more practical side of your nature in favour of a fantasy world. Your common sense has flown out of the window and you yearn for greener pastures. You may find yourself daydreaming of better times, or even taking up a fanatical religious pursuit. Therefore this is not the best time for making life-changing decisions or entering into agreements which demand clear judgement.

TRANSITING CHIRON CONJUNCTION RADIX JUPITER - You are currently able to catch glimpses of your true spiritual potential, and perhaps to express this potential in your life through the worlds of study, travel, teaching, religion or publishing. Firstly you have to heal old wounds and misunderstandings which have prevented you realising your goals. It is time to forgive and forget and move on with your life. This really is the time to climb mountains and follow dreams while maintaining your integrity and compassion.

Nov 5 2014 (Oct 27 2014 to Nov 16 2014)

TRANSITING JUPITER TRINE RADIX ASCENDANT - This is a favourable time for your health and happiness. Right now you can enjoy joyful occasions, benevolent friends and pleasurable pursuits. You may travel abroad, study a subject that has always fascinated you, achieve success and awards, or simply sit back and enjoy peace of mind. You may enjoy socialising more right now, perhaps with people in the higher echelons of society. Your social contacts may benefit your life. People in high places may bestow gifts on you. If you are married then you spouse may be particularly supportive. Now is an ideal time to start a healthy diet or exercise regime, particularly as you are apt to put on weight through too much good food and socialising. Self-improvement courses may also attract you, as you feel generally good about yourself and your relationships. You may also take on a teaching role during this time. Generally speaking this is a time where you learn more about yourself, experience the benefits of good relations and have the ability to make your mark on the world.

Dec 21 2014 (Nov 8 2014 to Feb 2 2015)

TRANSITING URANUS OPPOSITION RADIX MIDHEAVEN - Life is exciting, but very unsettled right now. You may want to feel comfortable at home with your family or you want be itching to break into new territories. Either way you can expect the unexpected on the home front. You are most like to change houses at least once during this phase, however; instead you could experience anything from unexpected guests to exploding light bulbs. Home life is far from boring. Don't be surprised if you suddenly have an urge for freedom that seems to erupt from nowhere causing you to want to pack up house and family and move to new frontiers. The results of this period are not always so drastic, but the feelings often are. A sudden event may change you in a surprising manner, causing you to question your roots and values. If you are the type of person who embraces change and enjoys an itinerant lifestyle then you are likely to thrive under this influence. If you enjoy stability and routine then you could find this stage quite difficult. It is important that you do not resist the changes, but rather choose to explore new horizons. Remember that the aim is to shake your foundations a little in order to shake out the cobwebs that form with habitual living and give you a new sense of freedom. It is best to recognise the need for change and adapt to circumstances appropriately. On the other hand it is not a good time to run headlong into matters. A balance is needed. A good motto for those with a tendency to be rash is to remember the adage is: "Don't throw the baby out with the bath water".

Nov 23 2014 (Nov 15 2014 to Dec 2 2014)

TRANSITING SATURN SQUARE RADIX VENUS - Your marriage and business partnerships are occupying your thoughts at the moment. If you are married your spouse is likely to be pushing your ability to support and understand them to the limit. Perhaps your spouse is going through troubled times and is leaning on you or maybe your loved one is emotionally withdrawn, lost in a world of his or her own. Whatever, the scenario, the romance is illusive right now. On the other hand you may currently be reassessing the long-term viability of your marriage. If you surmise that the bond is a strong one, then it will endure, even if it does test your patience right now. On the other hand your marriage could be running smoothly, but you are experiencing problems in the commercial or business world. Perhaps your finances are strained either through a hefty investment calculated to pay long-term dividends, or a shortfall. Any business partnerships could be tested. Once again you need to assess the long-term viability of such partnerships. Any severance could be costly financially, and may involve legal matters. If you are single then you may meet a potential marriage partner. However, there are likely to be delays in forming a serious bond. You need to take things slowly to ensure that this person is the right one for you. The good news is that you are gaining greater understanding regarding the major relationships in your life. You are learning how to set limits and to respect other people. The relationships that endure through this phase

are substantial.

Dec 7 2014 (Nov 29 2014 to Dec 16 2014)

TRANSITING SATURN SQUARE RADIX URANUS - This can be a time of great tension. You experience less of the tension if you have built your life on a firm foundation with a healthy balance between responsibility and the need for freedom and change. However, if you have allowed your life to become stuck in tired, rigid routines, this period can be very upsetting. Any area of your life that has become stuck in a rut is open to challenge and you will find it best to face the challenge of changing old patterns and embrace new and exciting plans.

Dec 28 2014 (Dec 19 2014 to Jan 8 2015)

TRANSITING SATURN OPPOSITION RADIX MARS - It appears right now that other people or circumstances are standing right in the middle of every path that you choose to take, and you feel frustrated and tired. The time is ripe to step back and reassess your goals and ambitions before trying to meet other people and obstacles head on. Pushing forward regardless of your circumstances will only cause greater tension than you are already experiencing. At this point in time you would be better advised to bide your time, reassess some of your ambitions in the light of current circumstances and allow others to forge their own paths. Perhaps their plans are disrupting yours unfairly or perhaps you are being requested to consider other people's goals. If you are the sort of person who usually leads the way then perhaps it is time to let others share in decision-making. You can relax your tight hold on the reins of power and take a back seat. On the other hand perhaps you have always let others dictate. Now you are required to quietly stand up for your own rights and ensure that you are not being bullied. Either way you are well advised to stay away from anyone who threatens to abuse your rights. With a little patience and tolerance you can adjust to the advent of other people's requirements or life's new circumstances. This is particularly true of a man in your life, perhaps a husband, boyfriend, father, or brother. However, it could be any male friend or relative who is demanding attention or a change of direction. It could also be true for a project that you are undertaking, either on your own or as a group venture. The more sensible you are in making plans and co-operating with others while maintaining your own sense of self, the more rewards can be reaped from this phase. Your patience can really pay off, helping you gain a real sense of purpose and achievement.

You may feel vulnerable and anything but powerful during the process, but hang on because you will feel like a new person by the end. TRANSITING CHIRON SQUARE RADIX ASCENDANT - If this transit happens early in your life then it is likely to be associated with a time of sensitivity and childhood hurts. Later in life you are faced with a time of pain and healing. On the one hand you may experience a painful situation which triggers memories of childhood wounds. This may even be a physical wound or illness. On the other you may have the chance to heal a painful situation which has haunted you for some time. Forgiveness, either of yourself or other's actions, may feature strongly during this time. Whatever the circumstances, this is a time when you come to a greater understanding of yourself, which in itself is a very healing experience.

It could be that you are physically in pain, suffering from an illness or accident; or perhaps you are suffering from emotional pain such as grieving for a loved one. Either way it is important that you are treated with kindness and love. It is also important to use this time to learn more about the cause of the pain. This could mean delving into alternative healing methods, or it could mean seeking answers to emotional problems. Anything that can shine a light on your troubles is helpful.
